

Demo Document No. 1

for the SEPTeX module

Marcel Simader

This is some text, and it contains a potentially

And this is some text that goes on and on and on and on and on and on
and on and on and on and on and on and on and on and on and on and on
and on and on and on and on and on and on. . . This is a L^AT_EX sentence – wow!

$$\left[1, \frac{1}{3}, 3, \text{abc}\right] \left\{1, abc, -\frac{3}{5}, -\frac{2}{7}\right\}$$
$$\left(\left\{1, 2, 3, -\frac{9}{2}\right\}, \text{add}\right) \left(\left\{1, 2, 3, -\frac{9}{2}\right\}, \text{add, multiply}\right)$$

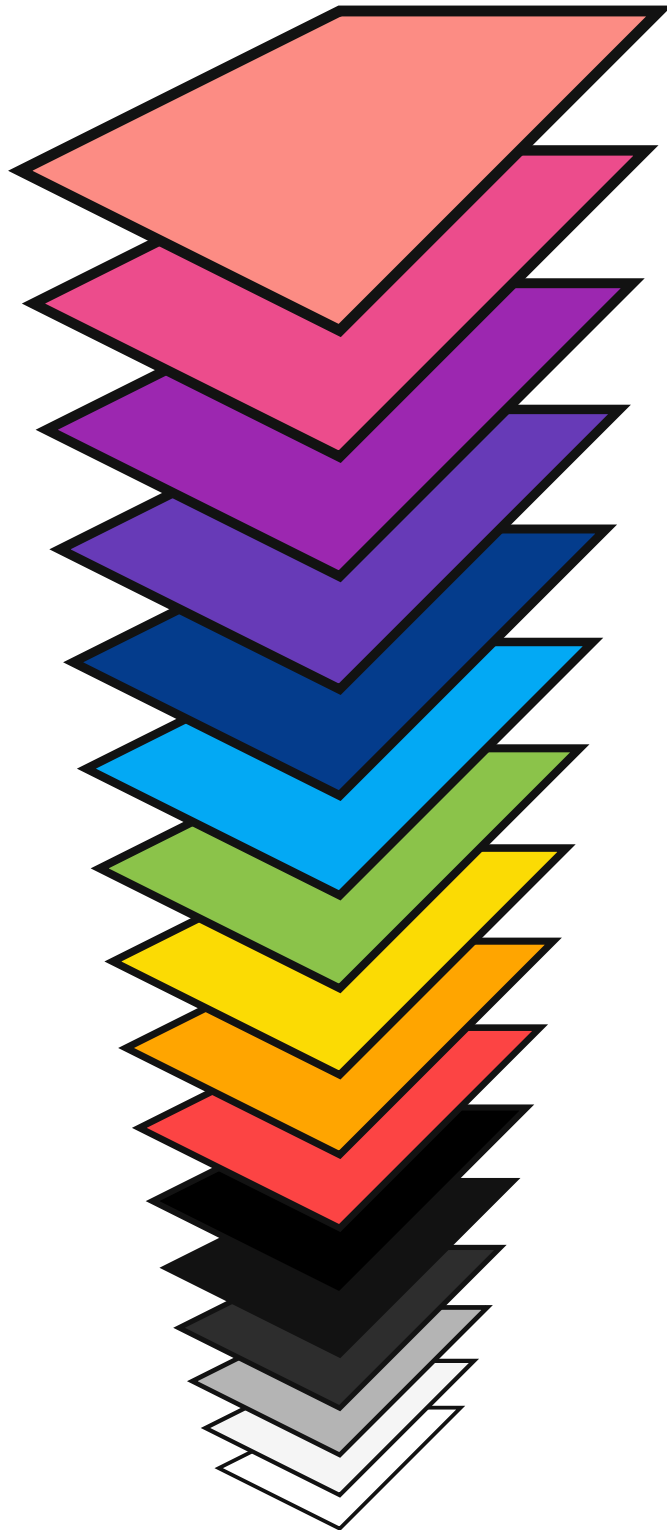

Figure 1: Captions, Figures, and the Default Colors.

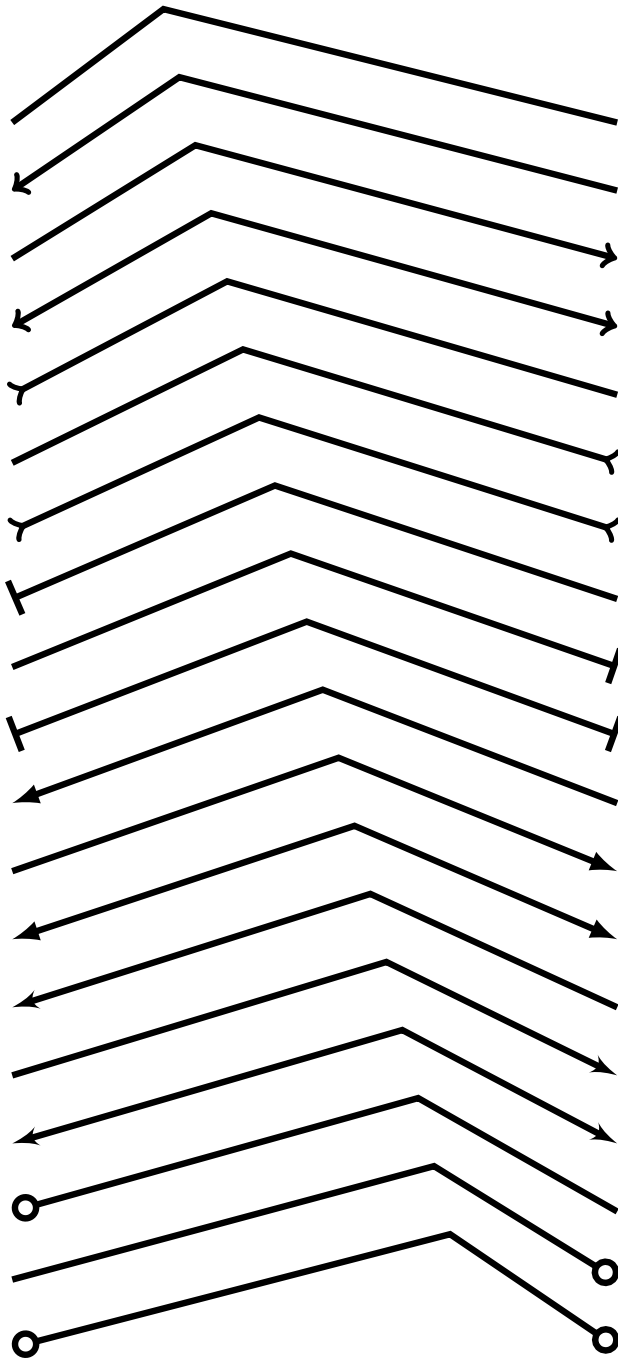

Figure 2: The arrow styles.

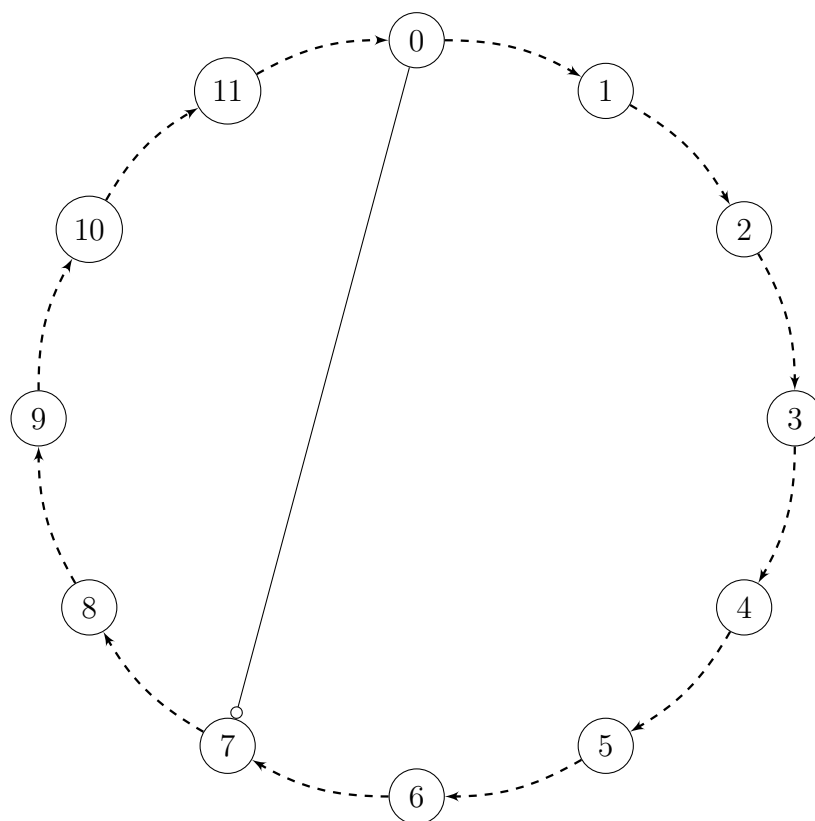

Figure 3: Nodes, and directed paths – wow!

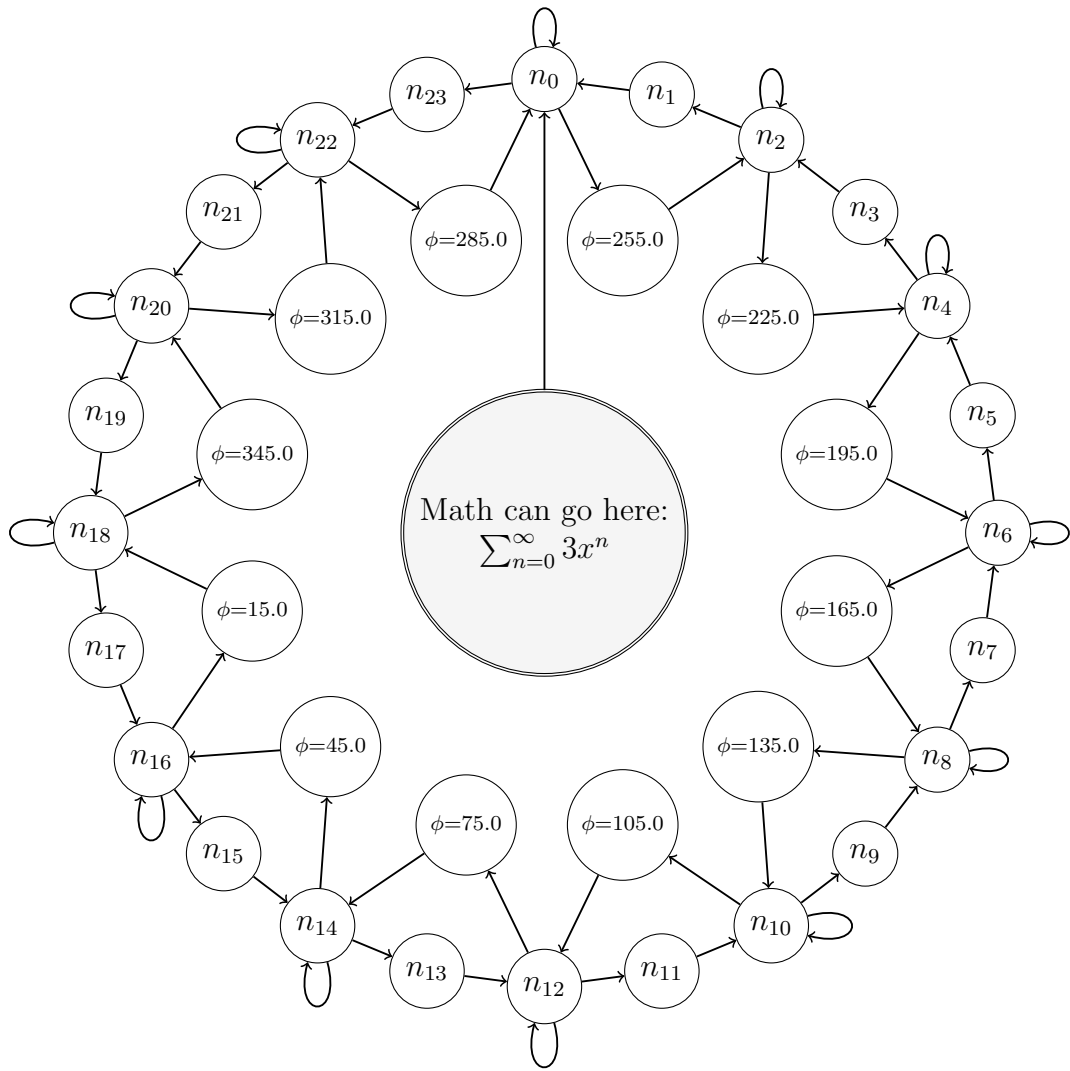

Figure 4: Graphs!
